Proposed Solution Template:

Project team shall fill the following information in the proposed solution template.

S. No.	Parameter	Description
1.	Problem Statement (Problem to be solved)	Many freelancers and clients struggle with fragmented, untrustworthy platforms that lack efficient matching, transparent communication, and secure payments.
2.	Idea / Solution description	Freelance Finder is a unified platform where freelancers and clients can register, connect, collaborate, and manage projects — including proposals, messaging, and milestone-based payments.
3.	Novelty / Uniqueness	The platform uses AI-powered smart matching for jobs, built-in escrow payment support, verified user profiles, and an admin dashboard for dispute resolution.
4.	Social Impact / Customer Satisfaction	Empowers freelancers with better job access and reliable income. Enables clients to find skilled talent easily, reducing hiring friction and enhancing satisfaction on both ends.
5.	Business Model (Revenue Model)	Commission-based model on each transaction, along with premium features (featured listings, analytics, fast-track verification) and enterprise hiring packages.
6.	Scalability of the Solution	The solution is built to scale across geographies with modular architecture and cloud support, enabling expansion across industries and freelance categories.
